EDUCATION

Lycée Paul Langevin

La Seyne/mer | 2013 - 2016

Baccalauréat ES.

School 42

Paris | Nov 2016 - Dec 2018

42 is one of the best engineering and programming college that offers rigorous, industry-leading education in a professional environment.

EMPLOYMENT

Redpelicans

Paris | Jan 2019 - Jan 2020

Redpelicans is a company who offer a full stack javascript expertise to their clients. They give me the opportunity to work with developers who have more than 20 years of experience in the field on sophisticated javascript projects.

FREELANCE

OECD

Jan 2020 - Feb 2020

Through an application designed to help the authors of the OECD to publish their books, I implemented unit tests including a coverage up to 70%, refactored a huge form and added some new features.

UNICEF

Mar 2020 - Jun 2020

I built a rendering server in the form of a WEB service allowing to transform parts of HTML WEB sections into PDF or PNG.

SIS-CC

Sep 2020 - Dec 2020

Implementation of an authentication service in the SIS-CC architecture.

UNICEF

Feb 2021 - May 2021

Implementation of new features on the childmortality.org interface such as the addition of new series of graphics or the implementation of a mobile oriented responsive on some views.

Europ Assistance

Jul 2021 - Jan 2022

Crafting of a complete client-side back-office allowing the administrator to manage users permissions.
